

## Swidget™ USB Charger Insert

The Swidget Platform is a modular Smart Home enabled system comprised of Wall Switches and Outlets. The modularity of the base devices allows for easy after-market installation of a Swidget Insert that can provide sought-after functions like sensors, device charging, speakers or lighting within the receptacle.

### FEATURES

- User replaceable – no electrician required
- Type A USB connector
- Up to a 2.0A rating
- Class 2 output certified
- BC1.2 compliant smart charging configuration.

### DESCRIPTION

The Swidget product line has been developed to support the easy integration of Home Automation and Smart Home markets with unique and flexible solutions. Designed to be installed in any Swidget base device, the USB Charger Insert provides a standard Type A USB interface to allow for the charging of your devices. While no connectivity is included in this version, the USB charging is a low cost functional device that takes advantage of the modularity for future upgrades.

As all Swidget Inserts operate on the Class 2 certified interface, an electrician is NOT required for installation or removal.

### SPECIFICATIONS

Product Number:	OP001UWA
Output Power Rating	5Vdc +/-5% @ 2A (Class 2)
Smart Charge Detection	BC1.2 Compliant
Environmental	Indoor installation only
Operating Temperature	14F to 104F (-10C to 40C)

### REVISION HISTORY

Revision Number	Date	Comment
000	2019/09/27	Initial release
